PROFESSIONAL SUMMARY

Passionate Junior Web & App Developer with hands-on experience building modern, responsive, and scalable web and mobile applications using React, TypeScript, Material UI, Tailwind CSS, and REST API integrations. Strong background in state management with Zustand and Redux, clean component architecture, and AI-assisted development workflows.

EXPERIENCE

Junior Web & App Developer — Coherent Pixels Pvt Ltd

September 2024 – Present | Coimbatore, India

• Developed and maintained high-performance enterprise web applications using React with TypeScript (TSX).
• Implemented React Hooks (useState, useEffect, useContext, useReducer) and custom hooks for code reusability.
• Engineered dynamic multi-role routing systems using React Router and dynamic form validations.
• Managed application state efficiently utilizing Zustand, Redux Toolkit, and React Context API.
• Integrated REST APIs with Axios, structured authentication tokens, and robust error handling.

KEY PROJECTS

PRISM – Vendor Management System [React, TypeScript, Material UI, REST API]
End-to-end vendor workflow management, timesheet PO, milestone tracking, and automated billing approval controls.
Windesco – Industrial IoT Dashboard [React, TypeScript, Zustand, Interactive Charts]
Real-time wind turbine telemetry dashboard for industrial asset tracking, anomaly detection, and analytics.
Zenvo – Financial Website [React, TypeScript, Material UI]
Comprehensive loan processing portal with interactive applicant forms and multi-stage administrative approvals.
SBIOA – School Management System [React, TypeScript, Redux, Axios]
Centralized academic operations system for student record management, course schedules, and reporting.

TECHNICAL SKILLS

Frontend & Mobile: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Material UI, Bootstrap
State Management: Zustand, Redux Toolkit, Context API, Custom Hooks
API & Routing: RESTful APIs, Axios, CRUD Architecture, React Router, Form Validation
Tools & Platforms: Git, GitHub, VS Code, Postman, Vite, Cursor, Claude, Antigravity

EDUCATION & CERTIFICATIONS

B.Sc. Information Technology — SNMV Arts & Science College, Coimbatore (2016 – 2019) | 67%
Java Full Stack Development Certification — Yuva Sakthi Academy, Coimbatore (Oct 2023 – July 2024)
